UNDER 12's - NEWSLETTER SEPTEMBER 2010

Dear Parents/Players

Welcome to the September Newsletter,

TRAINING

PLEASE NOTE – as before, training will start promptly at 6.45pm – please ensure that your son arrives in good time so they do not miss the start of the session. Thank you.

TRAINING (TRACK-SUITS)

To ensure that we get the best possible wear out of the track-suits the boys can now wear the FULL track-suit to training. Obviously, we would expect that they take care not to damage the pants or jackets as these will need to last us, at least, for the remainder of this season.

NIKE RAIN-JACKETS

If you have not done so already, please can you return the old Nike rain-jackets as I intend to pass these on to a younger age group. Thanks.

NEW ARRIVAL

We are pleased to announce that Lewis Kinloch will be registering with our team. We have been really pleased with how Lewis has acquitted himself during the training sessions and also during the friendly matches. He has integrated well and will be a great addition to our squad. Once the registration process is complete Lewis will wear the number 15 shirt. Welcome on-board Lewis!

This season, we will continue to focus on a squad of 15 players, so unless anyone else decides to leave us, there will be no more players joining this us for the remainder of the season.

TEAMER.NET

I will start to re-use Teamer.net to organise our fixtures/games from the start of the coming season. Please ensure that you reply to any text messages that you receive as soon as ever possible. Thanks.

RESPECT

Upon registering your son this season you will have noticed that we [the club] are placing a big emphasis on the Code's of Conduct. Upon registration you will have signed your name to state that you have all read and understood the Code's of Conduct. [This is what is expected of us as Coaches, Parents, Supporters and Players, by the Football Association].

There were a number of unsavoury incidents across the Central Lancs Leagues last season, as such we can expect a 'clamp-down' on any future instances. I suspect that the referee's will be considerably less tolerant of any abuse they get during a game.

I have every faith that we will all be on our best behaviour.....even when our emotions are going haywire! Let's not ruin the game we all enjoy.

If anyone would like a copy of the Codes of Conduct, please let me know and I will print these off and get copies to you.

APPROACHES MADE BY OTHER CLUBS

As our boys start to develop into footballers and hone their skills, other clubs may start to take an interest in them. This is part and parcel of football, but must be dealt with correctly. At no stage should another club approach a player (or parent) who is already signed for another club. "Tapping-up" (as it is known) is not allowed and whilst this goes on we must be seen to avoid it. Therefore, if an approach is made it must be done so in the correct manner through myself or Aidy.

Whilst we would be disappointed with anyone who wanted to leave our club, we would have no problem with them doing so providing the correct procedure is followed. If you (the parent) are approached by another club about your son playing elsewhere, please take the details of the person who contacts you along with the details of which club they represent. Please then pass the details to me or refer to us directly. We will then ensure that any

approaches are handled in the right way and you (the parent) are kept informed at every stage.

Trust me, if your son is fortunate enough to attract the attentions of any senior football clubs/scouts we will let you know as soon as we hear anything.

SQUAD PHOTOGRAPHS

We plan to arrange to take a squad photograph for the coming season. We will arrange this when all players are available.

REGISTRATON PACKS

Christine has asked me to pass on her thanks to you for the swift response you gave in respect of the registration packs.

In her role as the Central Lancs Secretary for the club, Christine had a total of 6 teams to register (that's over 100 players). This was not an easy task and threw up plenty of challenges for her. Typically though, she rode the storm and all players were registered by the dead-line set by the league. Christine is proud to say that our parents (you lot!) were by far the most co-operative and helpful. Many thanks for this.

If you have any feed-back (good or bad) re this new registration process/packs please let me or Christine know. Thanks.
